

Because
quality of life
matters.

Realm of Caring (RoC) is an independent, high impact 501c3 nonprofit organization redefining cannabis and hemp through innovative research, revolutionary education, and empowering global community connections.

Are you looking for free one-on-one support with cannabis and hemp? Our dedicated and knowledgeable care team is here to help with:

- Quality product selection
- Dosing guidance
- Educational resources
- Advocacy involvement

OUR CURRENT RESEARCH STUDIES

Observational Research Registry

Our ongoing study examining health effects of cannabis use. Anyone with access to a computer can join.

Female Veteran Study

Female veterans are underrepresented in cannabis research, so we're giving them a voice in this prospective study examining health outcomes of cannabis use.

Functional Mushroom Study

We're collaborating with other nonprofits, Unlimited Sciences & Lily's Lighthouse, to start the conversation on the therapeutic potential of Reishi & Lion's Mane mushrooms for those with epilepsy in this retrospective study.
